(Private Member's Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)

26. *Mr. Lane*—Resolution—That, in the opinion of this House, the Ministries of Housing, Health and Community and Social Services should combine their efforts in those areas of Northern Ontario where the population is sparse, and in some of which these services will otherwise never be available to provide rent-geared-to-income apartments, nursing home beds, and residential home care beds within single combined facilities, so that the people who have contributed to the building of the towns, villages, and rural areas of the North will be able to remain in those areas when they age and are no longer able to take care of their own needs. *To be debated on Thursday, June 12th, 1980.*

Mr. Lane—Resolution—That, in the opinion of this House, the Ministries of Housing, Health and Community and Social Services should combine their efforts in those areas of Northern Ontario where the population is sparse, and in some of which these services will otherwise never be available to provide rent-geared-to-income apartments, nursing home beds, and residential home care beds within single combined facilities, so that the people who have contributed to the building of the towns, villages, and rural areas of the North will be able to remain in those areas when they age and are no longer able to take care of their own needs. To be debated on Thursday, June 12th, 1980.

That associated with this week there be developed a journal that would summarize all programmes and assistance available to small business and be capable of easy updating. That there be developed a universally recognized symbol that would aid in coordinating the roles of these participants and in disseminating information among them. The Government to launch the week through a forum sponsored in cooperation with big business such as banks, industry, and the news media and also at this initial forum there be established a medium for the ongoing annual small business weeks. *To be debated on Thursday, June 5th, 1980.*

GOVERNMENT MOTION

11. *Mr. Wells*—Resolution—That, following the completion of the Estimates of the Ministry of Health at the Standing Committee on Social Development the remaining estimates referred to this committee be considered in the following order:

Social Development Policy
Community and Social Services.

PRIVATE MEMBERS' MOTIONS

4. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—Life Together: A Report on Human Rights in Ontario—particularly inasmuch as it has now been three years since that report was received, and over five years since one Minister of Labour committed the Government to introducing amendments at the next session.
5. *Mr. Haggerty*—Resolution—That, in the opinion of this House the Government of Ontario should introduce legislation proclaiming the First Sunday in October, in each year, as Fire Fighters Memorial Sunday, in recognition of service to Country and Community, a special tribute to an extraordinary Group of Ontarians, who have made a supreme sacrifice for the safety and well being of their fellow Canadians and to provide the opportunity to inform Ontario Citizens, about their province's most dangerous profession and create awareness of Fire Prevention Week.
6. *Withdrawn May 2nd, 1980.*
8. *Mr. Kennedy*—Resolution—That the Government declare an annual Small Business Week in Ontario for the purpose of informing the public of the key role of small business in our economy as employer, producer, taxpayer; to promote better understanding of the dependencies between small business, big business, government, and the public; The week to supplement and support the present small business activities that are ongoing throughout the year and to include seminars, information sessions, meetings with government, bankers, business consultants, and to discuss other related matters that would assist both existing and potential small business in management, financing, production, and marketing, as well as offering assistance toward increasing opportunities for small business; That associated with this week there be developed a journal that would summarize all programmes and assistance available to small business and be capable of easy updating; That there be developed a universally recognized symbol that would aid in coordinating the roles of these participants and in disseminating information among them; The Government to launch the week through a forum sponsored in cooperation with big business such as banks, industry, and the news media and also at this initial forum there be established a medium for the ongoing annual small business weeks. *To be debated on Thursday, June 5th, 1980.*
14. *Mr. Reid (Rainy River)*—Resolution—That, this House strongly urges the Government of Ontario to include under the O.H.I.P. program the provisions of prosthetic, orthotic and assistive devices for the physically handicapped and that this service be provided without delay.
19. *Mr. Johnston (Scarborough-West)*—Resolution—That in the opinion of this House the Government of Ontario should facilitate the enumeration of electors of the French Language Advisory Committees to Boards of Education in Ontario, by adding the following questions to the enumeration notice this fall, in areas where such committees exist. 1. Etes-vous d'expression française/Are you French-Speaking. 2. Voulez-vous être contribuable-électeur des écoles françaises/Do you wish to be supporter-electors of French schools.

22. *Mr. Isaacs*—Resolution—That, in the opinion of this House, the Government should consider the introduction of legislation that would make foreign students who earn income as teaching assistants at Ontario colleges and universities eligible for Ontario property tax and sales tax credits.
23. *Mr. Wildman*—Resolution—That in the opinion of this House the Government of Ontario should introduce the necessary amendments to The Health Insurance Act to extend OHIP coverage for transportation costs for non-emergency referrals to out-of-town medical centres and return fares home for patients from Northern Ontario.
25. *Mr. Haggerty*—Resolution—That in the opinion of the Legislature no approval be granted for any permanent nuclear waste repository site in Ontario, without the special approval of the Ontario Legislature.
26. *Mr. Lane*—Resolution—That, in the opinion of this House, the Ministries of Housing, Health and Community and Social Services should combine their efforts in those areas of Northern Ontario where the population is sparse, and in some of which these services will otherwise never be available to provide rent-geared-to-income apartments, nursing home beds, and residential home care beds within single combined facilities, so that the people who have contributed to the building of the towns, villages, and rural areas of the North will be able to remain in those areas when they age and are no longer able to take care of their own needs. *To be debated on Thursday, June 12th, 1980.*
27. *Mr. Davison* (Hamilton Centre)—Resolution—That in the opinion of this House, the government should introduce legislation to replace the Ontario Censor Board with a Film Classification Board that would not have the power to cut or reject films, so that the decision to view or not to view a film would rest with the parents and families of Ontario, rather than the government.
28. *Mr. Ruston*—Resolution—That in the opinion of this House, the Provincial Government should make available a basic free-of-charge dental care plan to all residents of Ontario 65 years of age and over who are in receipt of GAINS benefits. Such “basic care” would include preventative services, simple restoration and full or partial dentures. *To be debated on Thursday, June 19th, 1980.*
